724-335-2763

Suburban Plumbing Co.  
959 Lyn Road  
Sarver, PA 16055  
724-295-5367

If you are planning a real estate closing and the property in question is connected to the sanitary sewer system of the Municipal Authority of Buffalo Township, contact one of the plumbers listed above and schedule a smoke and dye test for the property. The plumber will perform the test and provide the Authority with the results.

The property owner or their agent is responsible for scheduling the test and paying the plumber. Once the Authority receives written certification from the plumber that the property has passed, our office will issue a combined Lien Letter and Document of Certification.

If you are a plumber capable of performing these tests and would like to be considered to be added to this list, please contact the Authority at 724-295-2703.
